

Thank
You

Mrs. Bradley-Smith,

You were my favorite teacher this year and I will never, ever forget you! You always brightened my day, and the art projects were so much fun. I'll remember how we always would talk about music and guys (Kurt Cobain & Mario Lopez) and how you really cared about my feelings and you were always there to listen to my problems even when there were way more important things. You're the one who made me think that college was important and fun. I would always

rent and rave, and you'd just laugh. You
really did touch my heart because I'm
crying right now. If you didn't help
anyone else out, I want you to know
you helped me more ways than you can
imagine. Thank you!!!

Sincerely,
Destiny Delgadillo
